

Level 3 Award in Education and Training

STARTING: Flexible throughout the year.
Delivered online/blended learning for up to 12 weeks

What does this course cover?

This accredited course consists of three core units:

- Roles, responsibilities and relationships in education and training
- Inclusive teaching and learning approaches
- Understanding assessment in education and training

How is the course taught?

We offer this as a blended learning course. The course content is provided online, with e-workbooks to complete for assessment. We support you through regular e-tutorials and some face to face tutorials if preferred. You do not need to be teaching or have classroom contact. But if you do already teach, you can use existing teaching for your micro teach assessment. Otherwise we will arrange for you to deliver that for assessment in college. You will normally complete the course within 12 weeks.

Cost: £320 (to include all materials, accreditation fee, tutoring and micro teach assessment)
